Summary

Game Designer with an interest in visual communication and environmental storytelling. Adept at preparing visual concepts, resources and documentation to communicate designs. Successfully worked with and led several teams of designers to build game prototypes, both physical and digital.

Work History

Student Research Assistant

Sheridan College (Sponsored by CANSOFCOM) – 2020

- Worked with a small team to research and develop a game prototype with the goal of building Prince Edward Island youth interest in agriculture
- Established documents outlining concept, art, deliverable specifications, user stories and overall content
- Prepared materials for internal reports and client presentations
- Developed 2D and 3D concept designs for user interface, game objects and environment

UI/UX & Front-End Development Intern

Tier1 Financial Solutions – 2017, 2018

- Documented and cataloged icon and color uses for the purposes of improving visual consistency and contributing towards a style sheet
- Created and edited icons for use in Tier1 software
- Conducted quality insurance tasks for UI related components and implemented corrections (HTML & CSS)

Marketing and Program Assistant

Belleville Public Library – 2016

- Created promotional materials for library events and resources
- Assisted during and photographed library events for advertisement and documentation
- Digitized and optimized newspaper articles for the library search engine

Education

Honours Bachelor of Game Design

Sheridan College (Oakville, Ontario) – 2017 - 2021

Awards

Program Wide Design Challenge

Sheridan College (Oakville, Ontario)

- 2019 - Shortlist, Tabletop Demake Challenge
